

# Security Solution for Identity Management

## OVERVIEW

- // Actor based Privilege Management
- // Applicable to many verticals, including:
  - // Smart Building
  - // Office Space
  - // Smart Home/Home Network
  - // Connected Cars
  - // Medical Devices
  - // Industrial Products

## SOLUTION HIGHLIGHTS

- // Highly configurable Identity Management allowing flexible hierarchy of Rights Management.
- // Roles and Actors are easily defined
- // Each Actor is assigned specific privileges
- // Sophisticated HW and SW anchors ensure identities.
- // Authenticated application that manages Actors and Systems/Devices

**IDENTITY MANAGEMENT**
