## **L&T Technology Services wins 5-year deal from BMW Group in infotainment domain**

***LTTTS to provide high end engineering services for BMW Group's suite of infotainment consoles***

**Bengaluru/Munich, August 29, 2022:** L&T Technology Services Limited (BSE: 540115, NSE: LTTTS), a leading global pure-play engineering services company, announced today that it has won a 5-year, multi-million-dollar deal from European luxury vehicle maker BMW Group to provide high end engineering services for the company's suite of infotainment consoles targeted for its family of hybrid vehicles.

The large deal was awarded to LTTTS because of its deep domain expertise and engineering leadership in transportation technologies and LTTTS' proven ability to offer unique opportunities to scale up existing projects and work on new ones. The LTTTS team of engineers will be providing services in the areas of software build and integration, infotainment validation and defect management.

LTTTS has an existing Near Shore Center which provides engineering and R&D services for BMW Group's suite of infotainment consoles and its family of hybrid electric vehicles. The proximity to BMW Group's campus will enable LTTTS' engineers to work on a variety of solutions and offer services in real time.

*"This latest deal win is a testament to LTTTS' long-standing expertise in the automotive engineering services domain. Our transportation engineering services are enabling leading OEMs to build innovative and sustainable vehicles and achieve faster time to market using new age digital technologies. We are delighted to strengthen our existing engagement with BMW Group and are fully committed to deploying our digital engineering capabilities and assist with the launch of their new family of hybrid vehicles,"* said **Abhishek Sinha, Chief Operating Officer and Board Member, L&T Technology Services.**

### **About L&T Technology Services Ltd**

L&T Technology Services Limited (LTTTS) is a listed subsidiary of Larsen & Toubro Limited focused on Engineering and R&D (ER&D) services. We offer consultancy, design, development and testing services across the product and process development life cycle. Our customer base includes 69 Fortune 500 companies and 57 of the world's top ER&D companies, across industrial products, medical devices, transportation, telecom & hi-tech, and the process industries.
